LIGHTED CIGAR SLIGHTLY
INJURES C. D. ATKINSON

Charles D. Atkinson, business man-
ager of The Atlanta Journal, had a nar-
row escape from a serious accident to
his right eye Tuesday afternoon. He
Atkinson, who is a member of Yaarab
temple, and one of the aides designated
for this temple to look after the comfort
and pleasure of the visiting Shriner
and their friends, while pushing his way
through the crowd, accidentally had
the lighted end of a cigar of a fellow-
pedestrian thrust into his eye.

Mr. Atkinson's eyelid was slightly
burned, but no damage was done to his
eye. As a result of the accident, how-
ever, he will be compelled to wear
goggles for several days.

counsel, denying he had been associat-

he had been a "steerer" for an opium den.

FOREST FIRES REPORTED
FROM WESTERN STATES

News Received by Officials of
Extensive Blazes Along
Border

(By Associated Press.)

WASHINGTON, May 13.—Reports of
forest fires in Western states from the
Canadian border to Mexico began to fil-
ter into the forest service today and
indicate an unusually early start of the
forest fire season. There already have
been extensive fires in California and
Arizona, with weather conditions un-
favorable for the beginning. In the
northwest there was less news from the
mountains of the winter's and then for
years, and railroad right-of-ways which
were last year deep in snow are now
clear and dry enough to burn.

The forestry service reports however,
that the fire fighting forces of the service
are better organized than ever before,
particularly the fire detection system of
lookout stations.

The postoffice department has in-
spected rural carriers' report for
fires during the coming season.

DALTON DELEGATES WILL
ATTEND GOOD ROADS RALLY

(Special Dispatch to The Journal.)
DALTON, Ga., May 13.—This city
will send a number of delegates to the
good roads rally at Macon during the
Georgia jubilee, May 19-21. Included
President Taylor, of the local chamber
of commerce, who is vice chairman of
the good roads committee of the Georgia
chamber of commerce, will attend, as
will a majority of the following rep-
resentatives whom he has appointed: W.
C. Martin, P. R. Pitts, H. L. Jarvis and
E. P. Smith.

mayor and a delegation of Atlanta citi-
zens to attend Patriot's day, which
will be celebrated in Baltimore during
September.

Mayor Woodward was very much in-
terested in the celebration and has
promised to name a delegation of At-
lantians to attend, even if he is unable
to go himself.

APPLY SULPHUR LIKE A COLD CREAM
WHEN SKIN BREAKS OUT
SAYS SULPHUR WILL END ITCHING ECZEMA

In the treatment of the various forms
of disfiguring itching and burning
eczema, such as Acne, Ringworm, Salt
Rheum, there is nothing known that can
take the place of bold-sulphur cream.

It effects such prompt relief, even in
the aggravated form, that it is a
never-ending source of amaze to
physicians.

For years bold-sulphur has occupied
a secure position in the treatment of
cutaneous eruptions by reason of its
cooling, parasitic-destroying properties.
Bold-sulphur is not only paraffinized,
but antipruritic and antiseptic, there-
fore invaluable in overcoming irritable
and inflammatory affections of the skin.

While not always establishing a perma-
nent cure, yet in every instance it in-
stantly stops the agonizing itching,
subdues the irritation and heals the in-
flamed, raw skin right up and it is often
years later before any eczema eruption
again appears.

Those troubled should obtain from
any good pharmacist an ounce of bold-
sulphur cream and apply it directly
upon the abrasion like an ordinary cold
cream. It isn't unpleasant and the
prompt relief afforded is very welcome.

Many Shriners Start On Homeward Journey

Merry-makers Begin Leaving City Today, but Big Exodus Will Be Thursday

The Shriners are beginning to leave Wednesday will witness the departure of the first few scattering trains, but by the middle of the forenoon Thursday the exodus will be in full swing and the thousands of merry-makers who have thronged Atlanta for the past four days will be trekking homeward for every portion of the country.

As they came, so they will go—by special trainroads. Many of these trains, however, will leave the city by roads different from those over which they arrived as hundreds of Shriners are now on seeing other portions of the city before returning to their native states. Some of them will go to Raleigh, the Imperial council, while many other trainroads will go home and return other than those followed on the trip here.

The first of these special trains will go out Wednesday night very late and (very early Thursday). Railroad officials wish to call attention to the fact that the train is not to be taken to mean that the same train will necessarily leave the same station on the return journey. It will not, but it will depend upon whether it goes over the same road. Two, in the case of the Southern, many of the trains parked at Shriners park, have from the park instead of the Terminal.

Following is a list of the special trains as they are scheduled to leave the city, according to announcements by the officials of the various roads:

OVER THE BOARD.
The train which leaves over the Seaboard will leave the Union depot at 10:30 a. m. Thursday, carrying the temple specified.

One temple, of New York City, 10:30 a. m. Thursday, Union depot.

The other chartered and private cars carrying Shriners for other Carolina and Virginia points will be handled on regular trains as per original itineraries.

Railroad Reading, Pa., and Lulu temple, of Philadelphia, Pa., will return to the Savannah and thence over the Seaboard as scheduled in the original itinerary.

LOUISVILLE AND NASHVILLE.
Because it is not an initial line, the Louisville and Nashville will handle only special trains out of Atlanta, although many others will be turned over to it by initial lines in Nashville.

One temple, of Louisville, Ky., will be handled by the L. & N. leaving Atlanta at 10:30 a. m. Thursday.

because of the 47th Anniversary Sale

These beautiful new hats have the atmosphere of Paris all around them, and well they should; they come to the show-rooms fresh from our workrooms, where Paris hats guide our artists at every turn of the way. No monotony of style in our millinery; though a hundred hats have the same name, they show a hundred points of difference.

This collection includes many plain black hats, many all white hats, and many hats in combination of black with white. Also many hats in the pretty new colors of spring; with ribbons, wings, flowers and feather fancies, posed in innumerable fashionable ways.

The Ever-Popular Panamas at \$3.95

Panama is nature's own protection against the sun. The South American natives know it—they weave hat after hat of Panama straw. But we've improved upon the crude native shapes; we've blocked them to conform to new styles. Here they are—medium and small shapes with the plain roll brim. Each of fine imported Panama quality. \$3.95.

\$5 to \$6.95 Untrimmed Hats at \$2.95

Earlier in the season we had similar hats from the same manufacturer at \$5, \$5.98 and \$6.95. This small surplus comes as a compliment to our Anniversary Sale. Hats from regular stock are also included. Choose from fine Milan hemps and Milans; and the popular lizet or shiny straws. Black and colors in the approved shapes for summer wear. Choice \$2.95.

ONLY A FEW OF THE SINGULAR SHRINE STYLES.

The two young ladies at the left, top, have adopted the English mince and walking cane. The alluring bandit who thinks he has a girl on each arm is one of the El Paso nobles of the Navajo blanket and sombrero. Next to him on the right are two youngsters of Abu Bel's patrol with the Sioux City temple's goat mascot. The human checker boards at the left amused themselves last night by toting a greased pig around the streets. At the right is a big chief of the Blackfoot tribe telling one of the potentates "how."

Valdosta Editorial Says It Was One of Most Complete Ever Published

VALDOSTA, Ga., May 13.—The Valdosta Times in one of its leading editorials today says:

"The Shrine edition of The Atlanta Journal was one of the most complete and splendidly arranged and printed that has ever been published in the entire south. It brought to every reader the enthusiasm of the great occasion in Atlanta, and deserved especial and exceptional credit in view of the fact that it was something of an anniversary honor for The Journal."

"It was this paper that was most instrumental in bringing the Shrine convention, and the 10,000 visitors to Atlanta. Sunday's issue was the anniversary number of the splendid edition that The Atlanta Journal sent to Dallas, Tex. one year ago this month. It

JUDGE ROAN WILL NOT SEEK PLACE ON BENCH

Appellate Court Jurist An-
nounces Ill Health Will
Force Him to Retire

Judge L. R. Roan, of Atlanta, will not be a candidate in the next primary to succeed himself in serving out the unexpired term of Judge J. M. Pettie, who resigned in February to take up the practice of law in Albany.

This announcement was made to The Journal Tuesday afternoon by Judge Roan, who declared that owing to continued poor health he did not feel equal to the work and thought it best to take an indefinite rest.

Judge Roan has not been in good health since he was appointed by Governor Stanton to succeed Judge Pettie. Only a few weeks ago he was compelled to take a long rest in Florida, and although his health has improved since then he is far from being entirely well. Judge Roan's present term expires at the end of the year he will retire to private life, for a time, at least. "I have no plans for the future," he said, "and shall take it easy until I have recovered my health. I cannot be myself or the state justice in my present condition of ill health, and for that reason I will not offer for election by the people in the coming primary."

Judge Nash R. Broyles, city recorder, is the only announced candidate for the place on the court of appeals now held by Judge Roan.

out this other Edwards' address in the telephone book and was probably trying to get in quietly and go to bed when he was shot. I don't know Mr. Edwards' name. I suppose I would have done the same thing if a man tried to enter my house."

J. J. Edwards says that he and his wife and Miss Baker, who is a student at Porterville, Ga., had been to the shrine parade and came home shortly after midnight. Miss Baker's room is in the front room of the house, a cottage.

About 4 o'clock she was awakened by a noise, she says, and saw a man's shadow against the window pane.

She ran hastily to the room where Mr. and Mrs. Edwards were sleeping. Edwards saw the man take his revolver from under his pillow and started into the front hall.

As he entered, he says, a man had just climbed into the front window and stood there crouching in the darkness.

Edwards fired once, the bullet crashing through Smith's skull. Other people in the house, aroused by the shot, rushed into the hall. A doctor was called from next door, but Smith evidently had been killed.

Edwards himself called the police, and after investigating, Call Officers Jones and Gorman made attempt to hold Edwards responsible.

Smith was twenty-nine years of age. He conducted a barber shop at Calhoun, Ga. He is a member of the Knights of Pythias and of the Woodmen of the World. Surviving him are his wife, one little son, his mother and four sisters.

The body was removed to A. C. & Roy Donahoe's chapel and will be sent to Calhoun for funeral and interment.

command is greatly exaggerated and that as a matter of fact, they number only 4,000 to 5,000 men. Neither Zapata nor Villa would have any great difficulty in taking the city, is understood to be the view of the authorities.

A report reached the navy department today that the artillery duel between constitutionalists and federalists at Tampico had ceased late yesterday. The results of the engagement, however, were not known.

Later Admiral Mayo reported heavy fighting at Tampico has been resumed and the constitutionalists say they expect to capture Tampico today. He reported that the "general impression seems to be that the expectations of the constitutionalists will be realized."

Apparently reliable information from the scene of fighting is that the constitutionalists at one time advanced their lines and temporarily occupied some of the federal trenches.

Admiral Mayo says it was reported the casualties on both sides have been very heavy.

BISHOP REESE OPENS ALBANY CONVENTION

(Special Dispatch to The Journal.)

VOTING CAMPAIGN PRIZES FOR ORGANIZATIONS

RANDOM SNAPSHOTS OF THE SHRINERS' JOYOUS FROLIC ALONG ATLANTA'S STREETS

In the upper left corner, with a monkey on his shoulder, is Henry Heinz, a member of Yaarab Temple, of Atlanta, wearing the uniform of an aide to Grand Marshal Burton Smith. Below Noble Heinz are two members of a visiting temple, wearing the full dress regalia of their patrol and carrying the drums they used in Tuesday's parades.

In the center is one of the Blackfoot Indians, who have pitched their teepees on Peachtree street, just beyond the junction of Peachtree and West Peachtree streets. The Indians were brought to the convention by Algeria Temple, of Helena, Mont., and were one of the big features of the parades, wearing their war paint and flourishing tomahawks.

Below the Indian is a pretty girl from Jacksonville, Fla., wearing the fez of Morocco Temple, of that city. The Jacksonville delegation is among the largest at the convention.

On the right, in the upper corner, is a noble of Morocco Temple, wearing the full dress uniform of his patrol. Beside him is another member of Morocco Temple, disguised as a policeman, while back of them, peeping under their arms, is an Atlanta girl with a gaily-colored Japanese parasol to protect her complexion from sunburn and confetti.

In the lower right hand corner is a snapshot of two Atlanta girls, wearing the fezes of Yaarab Temple, of this city, one leading a Shrine camel and the other trying her best to stay on his back.

FORT WORTH SHRINERS MAY GET OWN TEMPLE

Nobles Now Affiliated With Hella Eager to Establish Mola Temple

Shriners of Fort Worth, Tex., will probably be granted a special dispensation for the establishment of Mola temple by the imperial council at one of the meetings here.

At present, Fort Worth Shriners are affiliated with Hella temple in Dallas, but they feel that their numbers and the way they have done in the past entitle them to a temple of their own. And, in this opinion, the Dallas members of the temple are said to concur. In securing the dispensation, which will bring Mola temple to Fort Worth into existence, the petition for their special dispensation, which will be presented to the imperial council, Fort Worth Shriners will all show that they have complied with all the requirements of the Mola as evidence of their ability to properly finance the temple is now in the hands of Noble Will Edgington. Noble E. Jim Hoesy, is named as first assistant.

Already Fort Worth boasts one of the best drilled patrols in the south, and a band of some 25 pieces. The patrol is officered by Captain Charles B. Brown, First Lieutenant A. L. McCoy, and Second Lieutenant Leslie D. White, all military men of wide experience.

Because of the co-operation of the Dallas members of Hella temple, which is unusual, the Fort Worth delegation

SHRINERS HOLD SECOND DANCE IN AUDITORIUM

Event Even More Brilliant Than Its Predecessor the Night Previous

A kaleidoscope set to music was the grand ball of the Shriners at the auditorium last night.

It was the second dance at the auditorium, and was even more brilliant than its predecessor. Wonderful descriptions have been written of military balls where red coats and plumed helmets added a touch of color and broke the "usual sombre black and white," but the man who threw that thapsody had never attended a Shrine ball.

Imagine the great auditorium floor a fondling sea of fair women in evening gowns of every color, and picture wave after wave of crimson and green and purple and gold as dancing members of the Zouave and Arab and Bedouin patrols flash by. Imagine 2,000 red fezes w... yellow tassels bobbing up and down the turkey trot. Imagine the rainbow velvet of 600 bandmen, of every color, of every shade!

That was the Shriners' ball at the auditorium last night. The dancers arrived immediately after the great parade and danced until far after midnight. The line of automobiles, the thousands of handclapped women and the gay attire of the men made one almost believe grand opera had come again and the people of the stage had stepped down into the arena to dance with the society folk.

Feels that there is every reason to believe that their petition for a temple of their own will be promptly granted.

KEPPLER GETS REVENGE ON SHRINERS FOR HIS ARREST Sends Big Party to Police Station for Three Hours in Cell

F. E. Kepple's fellow Shriners had him pinched Monday for impersonating an officer, and let him stay in police station half an hour before they told Assistant Chief Jett it was all a joke.

But Monday night, dressed in his masquerade uniform of a policeman, he found revenge by arresting six Shriners and their ladies, all in evening dress, who were returning in an automobile from the ball at the auditorium.

"You've been speeding," he charged, as he stepped on the running board of the machine. "Head for police station."

They were locked in a state ward, where desperate criminals usually are confined, remained there a few hours, then were released.

Kepple is of El Mina temple, Houston, Tex., and is city editor of the Houston Chronicle.

Mr. Kraft is one of the country's best organists, and was for a long time the organist, and choirmaster of the Episcopal cathedral at Cleveland, Ohio.

As a special attraction for those Shriners who remain in Atlanta over next Sunday, May 17, City Organist Arthur Kraft has arranged with Choirmaster William E. Kryptok Bifocals

Why We Make Kryptok Bifocals and Recommend Them

First of all because of their convenience. They give Near and Far Vision in one solid glass, doing away with two pairs of glasses.

They can be more perfectly ground than any other bifocal known, no ugly seams or pieces to blister or come loose. We make them in Toric or Curved form, giving a larger field both for reading and distance.

Each pair is made to order, conforming to the face in every detail. Your best friend would never know you have on bifocals. They are absolutely invisible while on the face. They are a joy, not a discomfort. Ask some of our patients how they are pleased.

ATTENTION VISITORS!

A GENTLEMAN who has recently perfected an invention and submitted it to the most highly qualified experts in the practical application of mechanical principles, and who has declared it to be of unquestionable value and certain to come into wide use, would like to interest one of the Shriners or other visitors to the city in its manufacture and national distribution. The invention itself will be shown and a liberal business engagement entered into with any person of means who wishes to seriously investigate the matter. OUR ASTROLOGER

"The stars incline, but do not compel."

HOROSCOPE FOR THURSDAY, MAY 14, 1914.

Good influences predominate today, according to the reading of astrologers, for Mercury, Jupiter and Venus are in benefic aspect while Neptune alone is adverse.

The time is most auspicious for putting through enterprises involving the co-operation of governments or large corporations.

Men with heavy responsibilities are especially favored under this configuration, for the sun and Jupiter give them aid. An excess of energy and confidence should help them to project and carry through important plans. There is an encouraging augury for the opening of new places of business.

Speculation is a peculiarly lucky rule today. It is a peculiarly lucky rule for international adventures.

Women should benefit from the kindly way of Venus, the planet that dominates all social affairs. Wedding dinners and outdoor fetes should be especially successful, contributing real pleasure and happiness to guests.

It is a good time to buy or to wear new clothing. Whichever increases the charm or beauty of women gives extra benefit, while the planet is in a place of power.

Journeys by sea are subject to a forbidding omen. Storms and delays are foreshadowed.

Mineral and oil baths, medicines and strict treatment should be postponed until Neptune is friendly.

The adverse aspects of this planet are believed to encourage fraud and deception.

Dealers are under a good guidance of the stars while this rule prevails. An accident will cause stringent legislation in England and the United States.

Persons whose birth date is May 14 are happy omens for the year. Business and financial affairs should prosper. Women should attain many of their heart's desires.

Children born on this day will advance station and success. Both boys and girls will be inclined to save money and make the best of their opportunities, although they may be forced to make persistent effort toward attainment.

Montgomery Billikens Here to Play Crackers Four-Game Series

LITTLE PAL---NO JOB FOR MR. PAL

-BY LEO

THE SPORTLIGHT BY GRANTLAND RICE

As the situation presents its well-known front in the American league at this stage, the pennant fight will be waged between two distinctly different sets of clubs.

And before the end of the year is over we should know which system is best, hard hitting combined with weak pitching, or light batting combined with strong pitching.

THE TWO DIVISIONS.

So far we find Philadelphia and Detroit representing the two clubs with the punch, but minus the pitching. Opposed to these there are Washington, Chicago, New York, Boston and St. Louis all well supplied with pitching, but a trifle shy the attacking power of the Tigeres and Mackmen, especially the Mackmen.

Jennings has a fair pitching staff, but nothing wonderful. And apparently Mack's young pitchers, who were supposed to be better this year than last, have not shown any startling forms.

FIVE STRONG STAFFS.

There are at least five great pitching staves in the American league circuit. Washington has a strong staff in Johnson and Hoehling alone, not counting some others. Boston has a high grade staff in Wood, Collins, Leonard, Bedient, Foster and Johnson.

The Yanks are way above par in Caldwell, Cole, Keating, Fisher and McAlle. The White Sox and Browns are far stronger in the box than either Mackmen or Tigeres.

So it will be a battle between offense and defense; and it might be noted here that the offense doesn't always win the fight.

THE PUNCH.

The general dope is that the club with the punch always has the call. Not always. Any number of clubs with strong pitching staves have won pennants and finished last in batting and run making. The White Sox did in 1906. Last season Brooklyn led the National league in batting and finished sixth.

Batting drives in the precious tally but good pitching cuts it off—and there you are—with the ball in the center of the field and first down.

OPEN DEBATE.

Unless Connie gets much better pitching later on the American league scramble should be one of the keenest known since 1908, when four clubs whizzed into the last stretch almost neck and neck.

The race—outside of Detroit—is a wonder as it stands and the Tiger lead is still brief.

Three of the four eastern clubs are under a blanket and the other is only a step away.

The great improvement shown by Detroit, New York and St. Louis with the dizzy feeling shown by the Athletics has tightened up the campaign wonderfully and has left an open debate—always provided Mr. McGillicuddy doesn't begin to get some prime pitching to link to his heavy artillery—in which case the race may not be quite so close.

THE HIPPIE SCHOOL.

Hughes Jennings, belonging to the hippie school with the old hurrah stuff, has taken the Tigers from sixth place in 1907 and by this method won an easy pennant when he figured him for a first division job at the start.

Despite the Cobb-Crawford combination, he hasn't quite the punch displayed by the Mackmen, but he is getting better and steeper pitching, and this will even up the discrepancy and give him a chance.

Which reminds us again that this looks to be a great year for Washington to put one over if Griff can draw a few benches. He beat out Philadelphia in 1912 and Boston in 1913, and if he can best out in 1914—well, this is still May and why infringe upon the epic comment of June, July, August, etc?

TODAY'S LUCKY FAN

If the fan at whom arrow is pointing in the cut will apply at The Journal office by 3 o'clock today he will be given a free ticket to the game.

Pirates Play Ten-Inning Tie

PITTSBURG, Pa., May 12.—Pittsburgh and Boston went ten innings to a 1 to 1 tie yesterday, the game being called on account of darkness. Each pitcher scored his team's only run. Wagner's hand was badly spiked when Mann was retired at second trying to stretch a single in the tenth. He may not play in the New York series.

Score by innings: R. H. E. Boston . . . 000 001 000 0—1 4 1 Pittsburgh . . . 000 001 000 0—1 2 1

Pelicans Release Two Players

NEW ORLEANS, May 12.—Manager Dobbs of the New Orleans team, released his club to meet the player and salary limits today, releasing Pitcher Evans to the Cleveland American league team and unconditionally releasing Harry McIntire, veteran major leaguer.

Baseballers from United States are going to visit Germany, Austria and Switzerland.

Hens Set on Golf Balls

BY FULLERBROW. Stan Barrows, Park Ridge, Ill., banker, bought a farm adjoining the golf links and went in for chicken raising. This spring he abandoned the chickens and, in the nineteenth hole, he explained.

"I had to do it," he said. "I hated to, but the truth is my hens got to interfering with golf." "How?" inquired Doc Knowles.

"They always wanted to set," explained Stan. "I couldn't break them of it. They set on door knobs, on marbles, on anything that was round. We hid everything on the place and then they got to running over onto the links. Half a dozen of them would wait around the seventh green and whenever anyone approached they would chase the balls to set on them. When a foursome came over the hill they would find four hens setting on the balls. So I had to quit keeping chickens."

There are 410 games of baseball played by amateur teams in Chicago parks every Saturday and Sunday—yet it takes ten years to find one Cobb.

Billikens Here For Four Games With Crackers

Gilk's Team Opens Series at Ponce de Leon This Afternoon—Club Has Bunch of Players New to This League

Manager Bobby Gilk and his band of Montgomery Billikens are the guests of Manager Bill Smith having arrived for a four-game series beginning at Ponce de Leon this afternoon. This marks the first appearance of the Billikens in this season and a large delegation of home town fans is expected out to see them in this first battle.

Gilk brings several new performers to his party. His changes from the crew named by John Dobbs last season have been made chiefly in the infield. He retains Palmer, Bessiecar at first but at second he will introduce Howard Hader. At short he brings Jack Hollander, a former Georgetown university star, who was picked up by Branch Rickey the Brownell but was considered a bit shy on experience for the majors. Over at third, Bill Rogers, who has been with Montgomery for two seasons, will be back on the job.

In the outfield, Gilk has pulled three days long past used to play a bit of ball for the Toledo Mudhens. His who, three weeks ago, was pulled from the club for being around with other clubs for a spell. He also has Jantzen, who was with the club last fall, and young Ward McDowell, former Alabama star. Behind the plate, Gilk has still retained a job, and he is dividing time with Jack Kilmory, a former big leaguer with many years' experience. Charlie Case, a veteran, and Jack Lively, who hurried for the club several seasons ago are the old pitchers, while Red Nelson, a former Brown and Blucher, East and Black, all youngsters, and new men to this league, go to make up the remainder of the staff. The game this afternoon will be called at 2:30 o'clock.

If Mr. Upton Sinclair really desires to recruit a mourning army he might fill the ranks either at the West Side park in Chicago, or at Cleveland.

English Polo Team Completed

LONDON, May 12.—Captain Leslie St. Cheese agreed today to join the British team to compete for the international polo cup. He will accompany the other members to the United States.

The team will be as follows: Major F. W. Barrett, Captain Leslie St. Cheese, Captain H. A. Tompkinson and Major J. Y. D. Bingham, with Major Matthew Lanno as a spare man.

The team was selected at a meeting of the general committee of the Hurlingham club under the presidency of Lord Valentia. Walter E. Buckmaster and Baron Wimborne were both present.

The team will play in the following positions: Captain Tompkinson, number one; Major Bingham, number two; Major Barrett, number three, and Captain Cheese, back.

After the meeting, Buckmaster said the British team had a good sporting chance.

TUSCALOOSA, Ala., May 12.—The University of Alabama made it two straight over the Cumberland university by Tuesday afternoon in a closely contested game. The batting of Lord, of Alabama, and spectacular folding of Southard for Cumberland were the features.

"Away Above Everything"

When "Dixie IV" ran away from the Duke of Westminster's "Pioneer," which challenged the right of the United States to retain the Harnsworth Cup, American motor boat supremacy was gloriously emphasized.

The "Dixie IV" covered the 30 nautical mile course—off Huntington, Long Island, Sept. 4, 1911—in 53 minutes 47 seconds. This single-step hydroplane showed tremendous speed, at times skimming the surface at nearly 50 miles an hour.
